Irritating and Disfiguring ERUPTIONS

On the Face, Cured by
Ayer's Sarsaparilla

Remarkable Experience of Miss Dorothy
Maher, Fitzroy, Victoria, whose portrait
we are privileged to give below:

"I take pleasure in testifying to the great benefit I derived from Ayer's Sarsaparilla. I suffered from eruptions on my face of a very irritating and vexatious nature. For a considerable time I experimented with various so-called blood medicines, but without any alleviation of my trouble. At last, your famous Sarsaparilla being strongly recommended to me, I began to use it, and after taking two bottles it was most gratifying to see and feel the effect in allaying the irritation and reducing the eruptions. When I had used three bottles the eruptions disappeared altogether, without leaving a mark on my face, and I have never been troubled with anything of the kind since."

SATURDAY'S BALL GAME

THE FIRST REGIMENT TEAM WAS OUTCLASSED.

A Fair Attendance But a Poor Game.
Errors Were the Rule Instead
of the Exception.

The friends of the 1st Regiment ball team turned out fairly well on Saturday to give their ball team a good send off, but after the first innings their enthusiasm died out. The Kams were first to the bat and scored eight runs. They were not earned but secured by errors of their opponents. The catcher of the 1st Regiment team was decidedly off; there were even those who were uncharitable enough to say that he was simply and disgracefully drunk. Whatever was the matter with him it would be well that he should be replaced in future games. The erratic actions of Mr. Aiwohi rattled the whole team, which otherwise would have made a good showing. Following are the details of the game such as it was:

Kams 1st—Kaco was struck out; Koki made first on a hit to right field and stole second and third and came home on Kaanoi's pop fly to pitcher, the catcher dropping the ball at the plate. Bridges made first on Luahiwa's error at third. A. Pahau made his first, Castino made first and Bridges came home. Makaimoku took his base and Pahau came home on a passed ball. Ahia made first and with Makaimoku came home on repeated passed balls. Lemon took his first on back, Koki made a base hit and brought Lemon home. Kaanoi retired his side at first with eight runs to the good.

For the 1st Regiment Simerson fanned out; Aiwohi went out at first on a drive to second; Wood went out on a high fly at second. SECOND—Bridges took first and got second on an overthrow to first; A. Pahau flew out to center field; Castino got to first; Makaimoku went out at first; Ahia took first on a drive to left field and Castino came home on a passed ball. Ahia was put out at second.

Wood got first on a drive to center field; Neeley took his base on balls; Carlyle went out at first; Buchanan fanned out and retired his side.

THIRD—Lemon got to first, R. Pahau made a base hit and sent Lemon to third; Koki flew out to center field; Kaanoi struck out; Bridges made second on a drive to center field and Lemon came home; A. Pahau flew out to second.

Scanlon was put out at first; Simerson made a base hit and stole second and third; Aiwohi made a base hit and Simerson came home. Wood and Aiwohi went out on a double play at second.

FOURTH—Castino struck out. Makaimoku got first on a dropped fly and stole second and third. Ahia flew out at center field and Makaimoku went out at third.

For the 1st Regiment Luahiwa went out at first, Wood flew out to second, Neeley failed to reach first.

FIFTH—Lemon made his base, R. Pahau went out on a high fly to first, Koki flew out to right field and Kaanoi did likewise. Carlyle made second on a high fly which was missed, Buchanan made first and Carlyle got third and came home on a passed ball. Scanlon got his first and Carlyle came in. Simerson got first, and second and third on a passed ball, Aiwohi got first and Simerson came in. W. Wood went out on a good pick up at first.

SIXTH—Bridges made first, and afterwards came home on a wild throw to first. A. Pahau flew out at right field, Castino made a base hit, Makaimoku went out at first, Ahia flew out to second.

G. Wood flew out, Neeley got his first by the skin of his teeth,

Carlyle got his first, Buchanan went out at first leaving Neeley on third.

SEVENTH—Lemon got the first three bagger of the day, R. Pahau went out at first and Lemon came home. Koki flew out to second, Kaanoi went out at first on a good pick up by Neeley.

Scanlon made a clean base hit, Simerson made second and Scanlon got his third. Aiwohi made a drive to right field and Scanlon and Simerson came in. W. Wood flew out to left field, Luahiwa made first, G. Wood his base, Neeley made a drive to center and Luahiwa came in. Carlyle flew out at right field.

EIGHTH—Bridges made first, A. Pahau flew out at second, Castino made his first and went out trying to steal second. Bridges came home on a passed ball. Makaimoku flew out at center field.

Buchanan went out at first, Scanlon was called out on strikes and Simerson went out at first.

NINTH—Ahia was put out at first, Lemon flew out at second, R. Pahau got first and Koki was caught out at first.

With ten runs to make to win Aiwohi was caught out on a high fly at first, W. Wood sent a hot liner to shortstop and made his first, Luahiwa flew out to left field, George Wood got first and his brother third on a hit to right field. Neeley got his first and W. Wood came in. Carlyle got first and Wood came in. Buchanan flew out to first.

WANTS RELIABLE BOOKS.

Local Business Men Decline to Be Fooled Again.

The San Francisco people who came down to publish a directory have made another bluff. A third party came down on the Warrimoo, who will work for them as canvasser, thus taking some more money out of the country.

In their advertisement, the co-operation of the public is asked for. That is just where Mr. Finney got ahead of them. The no-account directory of a couple of years ago so disgusted the subscribers that upon Mr. Finney's asking patronage for the local directory he has met with promises of assistance in every way from almost every merchant in Honolulu. He dares the opposition to publish a list of their contracts.

Our mercantile community want a book which will be reliable and that is what Mr. Finney promises and will supply them with.

English convicts are to have "the monotony of their lives relieved" and their "moral tone raised" by lectures on "scientific and interesting subjects."

LEGISLATURE IN SESSION

THE SENATE IS NOW WAITING ON THE HOUSE.

Representatives Refer the Refunding and Loan Bills to a Special Committee of Five.

NINETY-FIFTH DAY, JUNE 8TH.

THE SENATE.

After the usual preliminaries Senator Hocking from the Passed Bills Committee reported a list of bills presented to the President.

Minister King reported that the President had signed the bills relating to the permanent settlement of Kapiolani park, appeals in criminal cases and those relating to the recording of instruments and judgments.

The bill relating to sake and still wines passed third reading without a dissenting voice.

Under suspension of the rules Minister Cooper introduced an Act making special appropriations amounting to the sum of \$3,330,000 under an Act entitled "An Act to authorize the consolidation of the public debt of Hawaii." This Act is made necessary under the ruling that a separate appropriation bill must be passed before the money realized from the sale of bonds can be used. The first section shows the bonds to be redeemed, and reads as follows:

Section 1. The sums borrowed under the authority of an Act entitled "An Act to authorize the consolidation of the public debt of the Republic of Hawaii," shall be placed in the Treasury to the credit of the Loan Fund of said Act, and to be paid out for the following purposes and no other:

First. To recall and cancel all bonds issued under the following Acts:

September 27th, 1876..\$	3,500
August 5th, 1882.....	69,400
October 15th, 1886.....	2,000,000
August 16th, 1888.....	190,000
August 6th, 1890.....	29,100
October 24th, 1890.....	95,000
September 7th, 1892.....	59,200
January 11th, 1892.....	650,000

\$3,096,200

Second. Expenses of placing the said loan.. 233,800

\$3,330,000

There being no further business on hand, at 10:15 the Senate adjourned for the day.

NINETY-FIFTH DAY, JUNE 8TH.

HOUSE OF REPRESENTATIVES.

In the House this morning announcement was made of the bills presented to and signed by the President.

The Judiciary Committee presented a report on House Bill 59 relating to holidays, which was tabled for consideration with the bill.

The Committee on Commerce reported back the bill regulating the width of tires with several amendments.

On the order of the day House Bill 59, relating to public holidays, was taken up with the report, which recommends that the holiday fixed in the bill for November 28th be changed to the third Saturday in September.

On the motion to adopt the report Rep. Haia said he could not see why November 28 should be stricken out. That was the day as near as could be ascertained when Hawaii was first recognized as a nation, and it had always been kept as a holiday. If the boat club wanted a holiday on the third Saturday in September he would not oppose it, provided the 28th of November was retained.

Rep. Richards agreed with the previous speaker.

Rep. Robertson said the object was purely sentimental. A holiday which was not celebrated was worse than none at all. People wandered around with their hands in their pockets looking for something to do. In

Kalakaua's time his birthday was always kept apart for aquatic sports, but since his death there had been difficulty in getting a regatta day. These sports were in danger of falling into innocuous desuetude for want of a special holiday. The 11th of June was celebrated as Kamehameha's birthday but no one really knew whether it was or not. That day was devoted to the Jockey Club and the 4th of July to the usual sports and exercises appropriate to the day. The two holidays in January were both unsuited to boat racing on account of the shortness of the days and the time of the year. He thought the request of the boat clubs to have a regatta day fixed arbitrarily was reasonable and it had the approval of the Executive.

Rep. Richards said the feelings of the natives who had always celebrated the 28th of November should be considered. He would favor both holidays.

Rep. Rycroft suggested making it the 20th of May instead of the third Saturday in September. That was the anniversary of the first sitting of the first legislature of the country. He understood the boating people preferred May to September.

Rep. Robertson said that was so, but to place the holiday in May would bring three holidays too close together. The objection to November 28th was that it would conflict with Thanksgiving day which was usually celebrated in accordance with the President's proclamation. It would not do to make too many holidays, as the planters would object and the bill would not pass the Senate. It was also suggested that the 20th of September would be a good day for Arbor day.

Rep. Rycroft said the spring was the proper time for Arbor day.

Rep. Robertson said it might be so in Puna, but it was not here where rain was not so plentiful.

Rep. Robertson for the committee said he would accept the proposition to retain both days and an amendment to that effect was carried.

The bill then passed second reading.

The Senate bill authorizing the government to obtain control of the waterfront of Hilo and set apart a portion thereof for park purposes came up on second reading and passed.

Senator McCandless' wide tire bill was next in order on second reading. The report of the committee recommended in the case of one-horse dump carts without springs the width of tires shall be at least one and one-half times the diameter of the axle. In the case of all other vehicles without springs the width of wheel tires shall be at least double the diameter of the axle. In the case of vehicles with springs the width of wheel tires shall be at least one and one-half times the diameter of the axle.

On the motion to adopt the report Rep. Winston said he had been told that the draymen would circumvent the law by putting springs on their drays. He knew of an instance in which a dray had already been built with that end in view.

Rep. Robertson explained the amendments to the bill and their objects, and after considerable discussion the report was finally adopted.

Rep. Bond wanted the second section of the bill stricken out but could not find a second to his motion.

The amendment of the committee making the time of the change 1901 instead of 1903 was adopted and the bill passed.

House Bill 51, relating to sake and similar wines, with the Senate amendments thereto, was referred to the Committee on Commerce.

Senate Bills 18, 19, 20, 21 and 55 relating to refunding and the new loan were referred to a special committee of five, consisting of Reps. Robertson, Rycroft, Richards, Winston and Haia.

Adjourned.
